

ANDROID

DEVELOPMENT

Android Development

Android software development is the process by which applications are created for devices running the Android operating system. Android apps can be written using Kotlin, Java using the Android software development kit, while using other languages is also possible.

- Professionals
- BCA, MCA, MSc & BSc CS

3

A N D R O I D

Important topics in our Job training.

- Java
- Java OOPS
- Android Studio
- Kotlin Framework
- Kotlin OOPS
- Android using Kotlin

4

A N D R O I D

Certification's:

- **AVODHA Course Completion Certificate**
- **Internship Experience Certificate**
- **Google Android Developer Associate (paid)**

Course Structure:

- E- Learning
- 24x7 access portal
- 3 Months Classes
- 3 Months Free/paid internships
- Doubt Clearing sessions
- Avail in Mobile/PC/Tab
- Placement Opportunities

6

A N D R O I D

Fee's Structure:

- 2800/- Admission Fee

**3 months course and 3 months
Internship.**

BONUS

**If you Get Placed through Us, then
you Pay the rest of the amount .**
