

MOTION

GRAPHICS

What is MOTION GRAPHICS?

Motion Graphics are pieces of animation or digital footage which create the illusion of motion or rotation, and are usually combined with audio for use in multimedia projects. Motion graphics are usually displayed via electronic media technology, but may also be displayed via manual powered technology.

Our Adobe Authorized Live Online Motion Graphics Training Course, answers all the questions about the process, workflow and principles of Animation & Motion Design. We'll teach you how to incorporate Adobe After Effects of course in your Motion Graphics projects. That are based on Film & TV Main Title Design, Infographics, Explainer Videos, UI Animations, Broadcast Graphics and Logo Animations.
